

Triple-Flex Flow

Increase productivity and reduce discomfort

Increase safety and reduce worker fatigue with the Triple-Flex Flow mat. Resistant to grease, oil and water, this mat has anti-microbial properties. Offset backing provides additional softness and support. Drainage holes allow liquid to pass through, and beveled edges provide additional safety.

Features & Benefits

- Oil, water and grease resistant non-slip surface
- Good for indoor and outdoor environments
- Beveled and cleated edges help prevent slips, trips and falls
- Drainage holes allow liquids and dirt to pass through
- Durable and lightweight all-rubber construction makes mat easy to clean
- 100% recycled

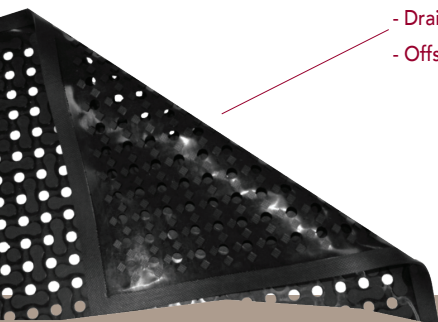

Placement

- Machine shops
- Work stations
- Gyms or fitness facilities
- Break rooms
- Bars
- Kitchens
- Water areas
- Rest rooms
